Message from the President: Introducing the Paul S. Frenette Fund

- October 07, 2021

The ISEH community is deeply saddened by the recent loss of Dr. Paul Frenette, a revered member of the ISEH community and ISEH Past President. In order to honor and memorialize Dr. Paul Frenette in a long-lasting way, ISEH is in the process of launching the “Paul S. Frenette Fund”.

The “Paul S. Frenette Fund” will be designed as an endowment, with a goal that its annual proceeds will be applied to generate an annual named “Paul S. Frenette Lecture” at the ISEH Annual Scientific Meeting, as well as towards travel grants in honor of Paul. These travel grants and lectures may be selected thematically, such as contributions submitted related to niche biology or sickle cell disease, or pioneering and visionary research in general that may be ahead of its time.

If you would like to contribute to the “Paul S. Frenette Fund” or learn more, please visit the ISEH website at <https://www.iseh.org/page/frenettefund>. ISEH is a registered 501(c)3 organization in United States of America.

ISEH will continue to share updates as we work towards the launching a Paul S. Frenette Lecture and travel grants. For any questions, please contact info@iseh.org.

Thank you for your continued support of ISEH.

Sincerely,

Andrew Elefanty, MB, BS, PhD, FRACP
2021 – 2022 ISEH President

Ulrich Steidl, MD, PhD
2021-2022 ISEH President-elect
